Subject: **LOP # 12340**
Results of Sensitive Receptor Survey
Rohnerville 76
3663 Rohnerville Road
Fortuna, California

Dear Bob Stone:

This document presents the *Sensitive Receptor Survey Report* on behalf of Big Oil & Tire Co., regarding Rohnerville 76 located at 3663 Rohnerville Road in Fortuna, California. This report was developed per the August 6th 2003 *Subsurface Investigation Workplan* submitted to the Humboldt County Department of Health and Human Services: Division of Environmental Health (HCDEH)

On May 31, 2005, SounPacific staff conducted a sensitive receptor survey at all properties within a 1,000-foot radius of Rohnerville 76. The locations of the discovered domestic wells are presented on the attached figure (Figure 1). The name, address and parcel number of property owners with domestic wells are provided in Table 1 located in Appendix A. The name, address and parcel number of property owners located within a 1000-ft radius from Rohnerville 76 are presented in Figure 2 and Table 2 located in Appendix C.

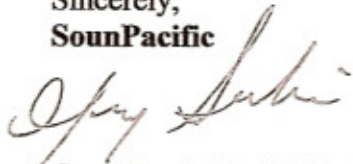

Results from the door-to-door survey determined that (9) domestic wells were discovered on (6) separate properties. Currently three (3) of the nine (9) wells are used for dinking and irrigation purposes. The other six (6) wells discovered are not in use however two (2) separate well

irrigation purposes. The other six (6) wells discovered are not in use; however two (2) separate well owners indicated interest in activating their well for irrigation purposes. A spring was observed by visual inspection on a property up gradient of Rohnerville 76 which may drain near or under the gas station. A neighbor confirmed this observation. Statistically speaking, of sixty five (65) properties surveyed, six (6) properties (9%) had domestic wells located on site, forty three (43) properties (66%) had no sensitive receptors located on site and fifteen (15) property owners (23%) were not available. Of the sixty five (65) properties surveyed, thirty eight (38) property owners or current residents were interviewed by SounPacific staff and twenty seven (27) property owners or current residents were left a survey and stamped envelope to complete and return to SounPacific (Appendix A).

If the ongoing investigation at Rohnerville 76 indicates that the sampling of nearby wells is required, then SounPacific staff will make further attempts to contact the property owners that were not accessible when the survey was conducted.

Please contact SounPacific at (707) 269-0884 if you have any questions or comments.

Sincerely,
SounPacific

Greg Sounhein, R.E.A. #07994
Principal Partner

WELL SURVEY QUESTIONNAIRE

1. To the best of your knowledge, is there a well located on your property?

☒ Yes ☐ No

2. If a well is present, is it currently in use?

☒ Yes ☐ No

3. If a well is in use, is it used for: ☒ Drinking Water ☒ Irrigation

_____ Other

4. Are you aware of any other wells on neighboring properties?

☒ Yes ☐ No

5. If your property does have a well, may we enter your property to collect a groundwater sample for analysis?

☒ Yes ☐ No _____ Comment

Information on this survey will not be used for soliciting. We will only use this information for the development of environmental assessment. We will give you at least a two-week notice prior to sampling your well. We will only sample wells with the property owner or a representative present. We will not enter your property without notice or written permission.

Please use the space on this page for a sketch of the well location in relation to structures, utilities, and property lines. We will use this information when drafting our final maps (Do the best you can! Thank you)

RE: Domestic/Industrial Well Survey

Dear Property Owner:

The Humboldt County Department of Health and Human Services: Division of Environmental Health (HCDEH) has requested a door-to-door survey for the location of all domestic and/or industrial wells, wetlands and surface water springs within a radius of 1,000 feet of the property located at 3663 Rohnerville Road, in Fortuna, California. Results from this survey will help the HCDEH identify possible conduits for contaminant transport from this site, and the impact this site has had on the immediate surroundings. **All wells whether in use or not need to be identified.** The Humboldt County Assessor's Office identifies you as the property owner.

Big Oil & Tire Co., the current property owner, has requested SounPacific to conduct the above requested well survey and prepare a detailed map showing the locations of all wells within a radius of 1,000 feet of the site. This map and a summary of findings will be submitted to the HCDEH. Samples from your well may be required, but will be procured at no expense to you.

Please complete the attached questionnaire and return to SounPacific at your earliest convenience. Included is a stamped return envelope for the questionnaire.

Please call SounPacific at (707) 269-0884 if you have any questions. We appreciate your assistance with this matter.

Sincerely,
SounPacific

WELL SURVEY QUESTIONNAIRE

1. To the best of your knowledge, is there a well located on your property?

_____Yes _____No

2. If a well is present, is it currently in use?

_____Yes _____No

3. If a well is in use, is it used for: _____Drinking Water _____Irrigation

_____ Other

4. Are you aware of any other wells on neighboring properties?

_____Yes _____No

5. If your property does have a well, may we enter your property to collect a groundwater sample for analysis?

_____Yes _____No _____ Comment

Information on this survey will not be used for soliciting. We will only use this information for the development of environmental assessment. We will give you at least a two-week notice prior to sampling your well. We will only sample wells with the property owner or a representative present. We will not enter your property without notice or written permission.

Please use the space on this page for a sketch of the well location in relation to structures, utilities, and property lines. We will use this information when drafting our final maps (Do the best you can! Thank you)

Signature of property owner: _____

Print Name: _____

Street Address: _____

Telephone: _____

E-mail: _____(if you have one)

(E-mail address will be used for notification of sampling only and will not be used for any other purpose)

Use this Area for Well Location Sketch (does not need to be drawn to scale)
